& Commitment

NEW ERA SCHOOL

PROSPECTUS

“Education is the foundation upon which we build our future.”

## About New Era School

New Era School, Ghaziabad, is today, among the most progressive schools in the city and adjoining National Capital Region. With a rich heritage spanning over 24 years, NES has made a mark through its tremendous achievements, both in scholastic and co-scholastic domains and is a name synonymous with academic excellence.

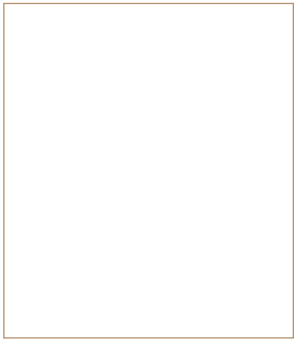

New Era School, affiliated to C.B.S.E., New Delhi, was founded by Malik Education Society in the year 1994 with a strong belief to provide diverse communities with excellent educational opportunities and services and inspire student body towards building a responsible society for national development.

The school is located on a sprawling 5 acres campus adjacent to upcoming Delhi-Meerut expressway (NH-24). Our infrastructure, facilities, teaching methodologies and academic rigor make sure that NES retains a special place in the academic landscape of Ghaziabad & NCR and in the hearts of those who study and teach here.

Our pedagogical approach inherently draws on the best aspects of traditional, and progressive instructional, and learning practices. At NES, we prepare students for the chances, choices, and challenges that lie ahead; as an institution, we pride ourselves in mentoring informed, opinionated, independent students, and creating progressive champions of change in a holistic learning ecosystem.

NES, which was just a fledgling in 1994, has today grown into a well known Senior Secondary School in the city and has gained a reputation of being a preferred destination for K-12 educational needs of students which include strong academics, sports and co-curricular plan. As we embark on the course to an aggressive growth trajectory, we reaffirm our commitment to help you realize your ambitions and unlock your true potential.

Our school's motto “Knowledge, Discipline, and Humility” encapsulate the beliefs and the principals of the institution.

# Principal's message

“Education is a shared commitment between dedicated teachers, motivated students & enthusiastic parents with high expectations”

New Era School is a massive community school wherein we are committed to lead the school with great enthusiasm & passion to realize our ultimate goals. It is about excellence in all that we do. To create global beings & beings of substance, we strive hard to make our school a centre of holistic education by integrating the innovative practices so that New Eraites can learn the life skills required to live quality life contributing their best through our motto-“KNOWLEDGE, DISCIPLINE & HUMILITY.”

We encourage all our students to develop high expectations about themselves, their works & their behavior which is an expression of our values of personal best, integrity, respect & responsibility.

Our school embraces all areas of curriculum with emphasis on literary and numeracy, the Arts, Science, music, sport, drama, dance etc. We use learning technologies that reflect the contemporary world our students live in. We provide platform to explore the world by organizing International Educational & Cultural Exchange Programs.

Our approach involves working with parents to meet the individual needs of every student & supporting them to fulfill their academic & co-curricular dreams & goals. We thoroughly work in

partnership with our parents as we consider them as massive pillars & thus we firmly establish TRIFOLD NETWORK (parents – teachers – students). Academic excellence is our primary objective & each year our students make us proud by scaling new heights which shine brighter than before. We offer mélange of activities & opportunities for holistic development of all learners. Leadership qualities are unlocked by encompassing student council and pondering upon bagpiper band drills.

We strive hard by emphasizing upon 3 A's - Ability, Achievement and Appreciation as we believe that every child has an ability to achieve & if he/she is appreciated or motivated, success is guaranteed.

We have an open door policy wherein we are open on all innovative fronts, ideas, views, suggestions to move forward together.

We truly have a fantastic school with a supportive & involved community, dedicated & highly skillful staff, excellent resources & the most versatile students.

We assure you all to continue to develop & enhance a school that strives for highest academic standards, focuses on holistic development of the child, reflects the values of the community & develops true partnerships that value each child.

We wish all the good luck for bright future of all!

Dr. Kiran Dilwal

## Vision

To be an institution of global repute providing a sustainable and accessible environment where we support and encourage the essence of Indian values, guided by the principles of inclusiveness, integrity, innovation, creativity and quality.

The school will provide diverse communities with excellent educational opportunities and services and inspire global citizenship among student body contributing towards building a responsible society for national development.

## Mission

New Era School aims to create and develop an environment of learning filled with resourcefulness.

It would remain our constant endeavor to equip our students with skills that promote student achievement and life-long learning to meet the needs of our diverse communities and instill exemplary abilities and strong values.

NES aims to develop young minds that are happy, confident, resilient, intellectually curious, tolerant and driven, with an undercurrent of humility, who are ready and prepared to face, embrace and lead in an ever changing world.

## Values

- Academic excellence and integration.
- Collegiality and collaboration.
- Individual and collective excellence.
- Outstanding teaching and services.
- Professional leadership.

## Chairman's message

Dear Parents,

The year 1994 marked the beginning of an era as the gates of New Era School, Ghaziabad opened to cater to the education needs of \*CBEL. This institution was created with an objective of providing an outstanding 360-degree education in character building, leadership, extra and co-curricular activities along with academics along with a very strong, dedicated and capable team of educators who became the driving force in the growth of the School. The journey of 25 years that is laced beautifully with triumphs would not have been possible without you. I thank you, parents, in all humility for your generosity in time, talents and resources. Thank you for constantly supporting us in every step we take and reposing your confidence in us. I speak for the entire team of New Era School, Ghaziabad in saying we

would not accomplish what we do without your help. I deeply cherish the revered bond we have formed with you over the years. Thank you for entrusting us with the future of your children, for entrusting us to mould and sculpt their minds, enrich their souls and ignite the spark of lifelong learning in them. We also dedicate this coveted honour to all our students for displaying exceptional hard work in the pursuit of excellence by achieving honours and distinctions in not only academics but also in allied arenas of Arts, Creativity, Sports and Debate. Their dedication and respect make me proud. Similarly, I take this opportunity to acknowledge the extremely hard work of our dedicated staff and faculty by working round the clock to keep your School at the zenith of success.

**Mr. Rajeev Malik**

## Director's message

Dear Parents,

Choosing the right School for your child is an uphill task that requires guidance and assessment of individual capabilities. Moreover, the parent and guardians need to understand the future prospects associated with the chosen school. After that, the choice of school assumes paramount importance so that after the secondary or senior secondary education is over, the student should have achieved the desired competence to help them in starting a successful desire for higher education. I feel proud in sharing with you that New Era School, Ghaziabad is just that ideal School, where not only you choose a great pathway for your child but a child would also achieve those skills and competencies, which help them in starting their future

building. At New Era School, we follow an inherent policy of treating children individually and focusing on their learning capabilities to match their pace. We put regular stress not only on curricular but also on co-curricular and extracurricular activities so that our students emerge as strong contenders both mentally and physically. We have fully fledged infrastructure enabled by some of the best School academicians to support your cause. I am sure that after you and your ward have joined us, the ward will turn out as a complete noble scholar for the benefit of society. I welcome you to New Era School, Ghaziabad.

**Dr. Mamta Malik**

# NEEV

## Foundation of Childhood

We, at NEEV have meticulously designed a mix of different preschool methodologies such as Montessori, Waldorf, Forest Kindergarten etc. NEEV aims at striking a balance between a child's academic, social, emotional, physical, creative and developmental needs. Hence, our classrooms are designed & the program is prepared and structured to take advantage of a child's sensitive years between 1.5 and 5 years of age where your child begins to absorb information from an enriched environment.

At NEEV, your child will grow and learn in a cheerful, nurturing, and stimulating atmosphere that emphasizes a love for learning. Our classrooms & creative materials encourage interaction to promote a child's means of expressions, creativity, problem-solving & thinking skills. Playing with others, participating in small & large group activities, sharing and following directions will enhance a child's emotional development.

The most important years of learning begins at birth. During these early years, humans are capable of absorbing more information than later on. The learning capacity of a young mind is great, termed as “Absorbent Mind” by Dr. Maria Montessori, an Italian physician and educator best known for the philosophy of education that bears her name. By the age of three, the child has already laid the foundation of his/her personality as a human being. High quality teachers and pre-schools can have a long term effect on improving outcomes.

The curriculum at New Era School is based on CBSE, one of the leading educational boards in India. In our quest for excellence, the school follows an indigenously designed curriculum taking into account all aspects of holistic development enabling students to acquire proficiency in various fields. The inquiry based curricula promotes cognitive flexibility, adaptability and emotional wellness. Integrating the latest trends in technology keeps the students acquainted with changing global trends. Curriculum delivery is done through dynamic strategies like project work, experiential learning, ICT, peer learning, skill development enabling students to achieve their goals.

# Curriculum

**“Education is liberating the mind, enlightening of soul and establishment of unwavering faith in one's own self”**

The students are encouraged to think, question, explore and create. The experiential and project-based approach allows each child to discover their true potential. NES aims to create value-based enriched learning environment where in the students consistently strive for excellence.

# Learning Spaces

## Encouraging learners to be critical thinkers

Our classrooms are aesthetically designed that encourages a love for learning. All classes are well ventilated and lit and sizes in excess of 60 sq m provide sufficient space for a number of learning and play activities like libraries, toys, arts etc within the classroom comfortably. Classrooms from classes pre-nursery to 2 are print-rich and well stocked with art and clay activities, toys and enable convenient and loving learning experiences.

# 21st Century Skills

Having delivered exceptional academic performances over the years, the school has deployed an ideal mix of technology in the teaching process to enhance 21st century skills in our students. School has been using 3D content to deliver lessons along with modern subjects like 3D printing, animation & visual effects, robotics, Internet of things etc.

Flipped classrooms, Bloom's taxonomy, Higher Order Thinking Skills (HOTS) is used in classrooms to provide a platform to students to go beyond their books and explore their own thinking. Inquiry based learning has helped students to become independent thinkers and problem solvers.

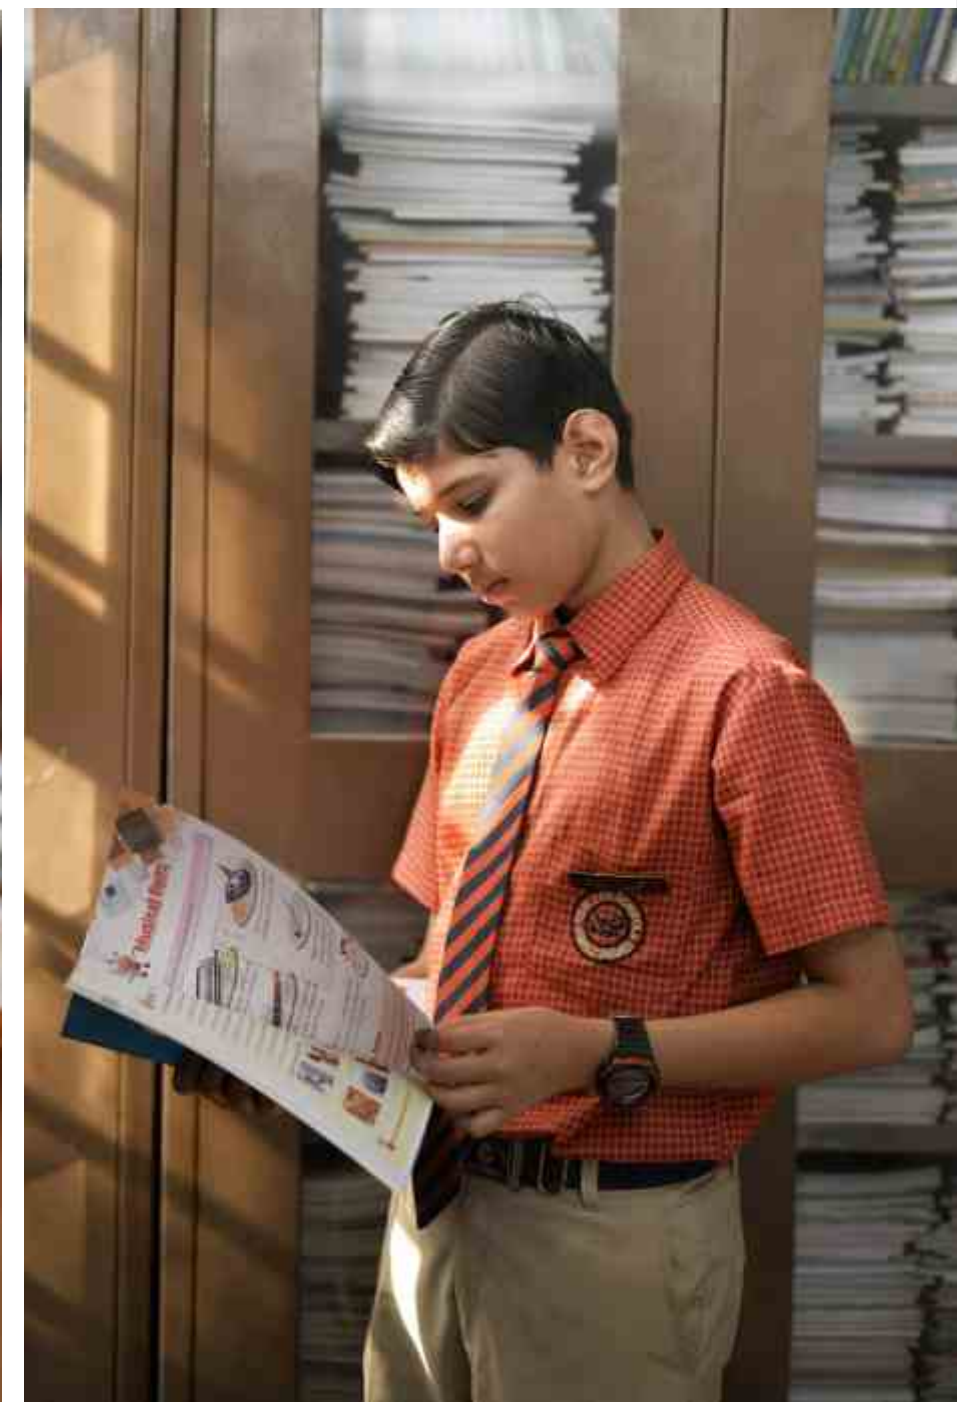

# Computer Labs

The school has state-of-the-art IT infrastructure which includes two computer labs in junior and senior wings. Computer labs are equipped with the latest computer systems and are Wi-Fi enabled for a seamless learning experience for our students.

# Library

NES has a well-stocked and updated library to cater to the learning needs of all age groups.

Library supports the students and teachers by providing access to current, adequate and appropriate information resources. The library encourages a love for reading and develops students' independent learning skills.

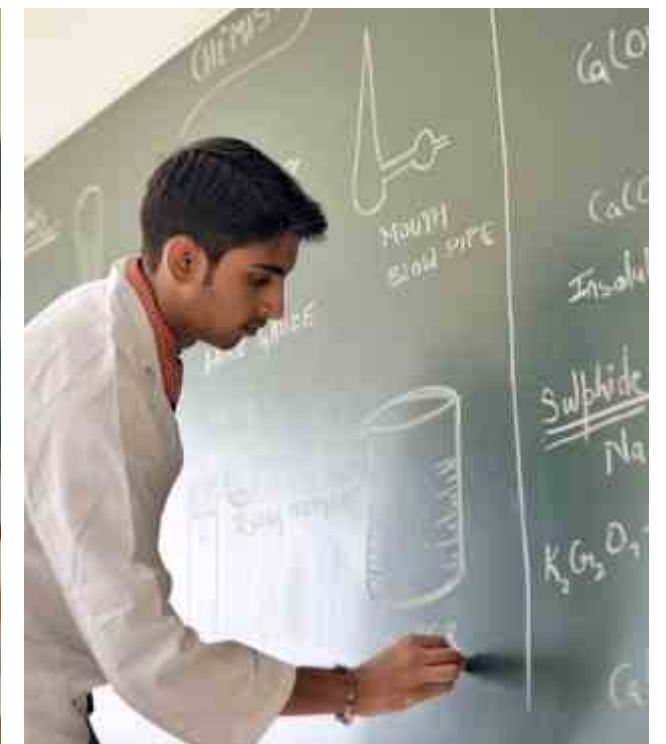

With a vision to craft students as innovators, the school has set Atal Tinkering Lab, an initiative of Government of India to create an environment of scientific learning, innovation, creativity amongst students. Here, students are encouraged to explore the skills of the future such design and computational thinking, adaptive learning, AI and machine learning.

## Encouraging curiosity

The school is equipped with state-of-the-art science laboratories to train students in STEM (Science, Technology, Engineering and Math) education.

The outstanding dedicated facilities for Physics, Chemistry and Biology labs ensures all children in the school can enjoy the full scientific experience together, carrying out investigations and experiments, make observations and reach conclusions as full classes and in small groups. The faculty is trained and committed to satisfy our student's curiosity and the zeal to learn about the world they live in.

## ATL (Atal Tinkering Labs)

We feel proud to share with you that our school was selected to set up Atal Tinkering Lab and is among the first few schools selected in the district.

ATL at NES was inaugurated on April 2nd, 2018 to promote entrepreneurship & innovation among students from an early age. ATLs enable young minds to shape their ideas through hands-on DIY mode and learn innovation skills and better understand the concepts of STEM (Science, Technology, Engineering, and Mathematics) education. The objective is to foster curiosity, creativity & imagination in young minds.

Over the years, NES has integrated sports within the curriculum to enable students to grow into complete individuals. Our focus on academic achievement is balanced with recognition of the importance of play and physical activity. Play provides children with the opportunity to develop their social skills and their imaginations as well as experience teamwork and the importance of inclusion.

# World is our playground

Physical education in curriculum (PE) enables students to hone their skills & knowledge about various sports. School has won a number of states & national level tournament in volleyball and basketball including runners-up trophy in CBSE cluster 2017 & 2018 respectively.

Physical fitness club, yoga for students & teachers are also a part of our curriculum.

We believe in giving our children space to enjoy their childhood without pressure to grow up too quickly. Sports activities form an intrinsic part of learning curriculum, especially for learning facts about human body, health, diet, wellness, force & motion etc. Qualified & trained coaches are recruited to train students in a range sports discipline viz. basketball, football, volleyball, cricket, kabbadi, athletics, chess, taekwondo, skating, badminton etc.

Sport is an important aspect of life at New Era School. It supports our beliefs and values by helping students to develop vital skills for life such as commitment, resilience, team-building, confidence, leadership, sportsmanship and learning how to win and lose. We strive to provide as many opportunities as possible for our students to enjoy a competitive sporting environment at whatever playing level they can achieve.

## Performing and Visual Arts

Creativity in all its forms is encouraged at our school and Music, Drama and Art play a central role in providing students with stimulating and rewarding opportunities to develop their creative expression.

In addition to timetabled lessons, pupils can choose creative arts subjects as part of the extra-curricular program, enabling them to develop & further the skills they have learned in class.

Active involvement helps students to develop an enjoyment and understanding of the arts, whether it is in a one-to-one music lesson, as a member of a choir, band or orchestra, taking a leading role on stage, performing as part of a large cast or being part of the back stage or sound and lighting crew in a production.

# Bagpiper Band

At New Era School, to augment any celebration or a special event, a distinctive and melodic music is played by its students. The Bagpiper Band, a long standing tradition of many European countries adapted by us, is well synchronized, rhythmic and incorporates different musical instruments to keep the guests entertained. Our students are trained by professionals to become dynamic performers and organizers of the prestigious Bag Piper Band of the school.

# Enrichment

“Tell me and I forget,  
teach me and I remember,  
involve me and I learn”

## Pratibhastuti

Pratibhastuti is an annual inter school event at NES. Schools from Ghaziabad and NCR participate in this 2 day event extravaganza with a lot of enthusiasm as it gives them a chance to showcase their talents. Pratibhastuti has seen participation of over 5000 students from more than 50 schools since its inception in 2014. The varieties of competition provide the students with the right platform to enhance their skills and further their interest in a challenging and competitive environment.

## Trips and Excursions

Trips and excursions provide excellent learning platforms, widening student's horizons and providing personal challenge and enjoyment with friends. Students have numerous opportunities to take part in field trips and excursions in the country and overseas, both as part of their academic courses and as enrichment experiences. Sport is another area where students get to travel and play competitive sport in different parts of the country. All classes are encouraged to go for day trips in and around the city. Out-station tours and overnight camps are arranged for classes V and above.

## Camps, community outreach programs, special assemblies

The school conducts week long activities like Hindi Week, Literary week and Art week to inculcate the values and develop skills & interest in the students. All international and national Days are celebrated to develop global fervor in learners. The school transmits moral qualities and beliefs in students by conducting special assemblies and celebrations all year round. All religious festivals like Rakshabandhan, Janmastami, Dusshera, Diwali, Guruparav, Eid , Christmas Day and Basant panchami are celebrated in the school with great devotion and inspiring messages.

## MPH and Auditorium

NES has a modern and aesthetic 300 seat, centrally air-conditioned auditorium with all required fixtures where students love to perform for their parents and teachers alike. Events ranging from dance to drama, extempore to debates, etc are held here round the year.

Neev celebrations like storytelling, fancy dress, special assemblies, important days, festivals etc are a treat to watch under complete light and sound effects in the auditorium.

School also has a multipurpose hall for workshops, seminars, capacity building programs, conferences, faculty development programs etc.

## Clubs and activities

New Era provides plethora of opportunities to the students to express themselves and excel themselves in their chosen field. There are clubs varying from book lovers club to environment club. Students can choose from the range of activities. A student is able to reach beyond the text book and explores the world of science. A student can decide on any topic that she/ he would like to explore.

# Transport

The school has its own fleet of buses plying to all parts of the city. Few buses are hired on contract basis to cater to some specific routes. All buses have trained support staff for safety, security and comfort of our students.

## Admissions

We are delighted that you are interested in the school and our Admissions team is ready to answer any questions you may have. We welcome students and parents from diverse communities to benefit from our holistic academic and co-curricular learning structure.

The applications received are processed based on the grade and programme of entry as detailed below. Since we grant admission on first fill basis, it is in the best interest of parents to submit the duly filled application at the earliest to enhance prospects.

**Steps to be followed for admission are:**

- 1. Get the school prospectus and admission application from the school.
- 2. Submit the completed form along with required documents to the school.
- 3. Applicants appears for a test (if applicable) and interview with parents.
- 4. If admission is granted, submit fee and related documents at specified dates.

## Eligibility

Parents must ensure that their child/children meet the age criteria. The eligible age for admission on the 1st of April for different grades and programs is as follows:

- 3-4 yrs. NURSERY
- 4-5 yrs. KG
- 5-6 yrs. PREP

Registration to above classes starts in the month of October of the previous session.

Admission to all other classes is subject to the availability of seats and the capability of the individual applicant as shown during the admission test and the interview.
